Of all the facilitation guidelines, the most important may be to stay neutral. Do not lose your neutrality. Eliminate your personal bias and opinions from the discussion. The goal remains for the participants to provide answers or options, not you. Learn to expect hostility, but do not become hostile with your group or any participant.

The third sector is expanding and becoming a growing provider of public, social, and health services in many high-income countries [1,2,3,4]. However, little research demonstrates evidence on the effectiveness and impact of third sector service deliveries [2, 3, 5, 6].. While scholars struggle to agree on a universally applicable definition of the third sector [7, 8], most follow [], who point ...

## **Facilitators and Barriers to Clinical Practice Guideline ...**

Background The barriers to uptake of guidelines underscore the importance of going beyond the mere synthesis of evidence to tailoring the synthesized evidence into local contexts and situations. This requires in-depth exploration of local factors. This project aimed to assess contextual barriers and facilitators to the implementation of a guideline developed to reduce HIV-related stigma and ...
