An anti-static spray is a liquid spray used to control or eliminate electrostatic discharge and its effects. Antistatic sprays are made from water (deionized) and alcohol. The water acts as the polymer while alcohol as the solvent.

Anti-Static: The Ultimate Anti-Static Solution for your ...

Anti-static solutions, such as the U-Electrode, generate positive and negative ions evenly and hence remove charges from samples and tare vessels. Due to this neutralization, toxic substances no longer pose a threat to the user and cross-contamination of samples is prevented.

Anti-Static Solutions for Lab Balances | METTLER TOLEDO ...

Static Charges Eliminated with XPR Analytical Balances StaticDetect in XPR Analytical Balances measures the weighing error due to electrostatic charging and provides a warning if tolerances are exceeded. In combination with the optional ionizer, it is a unique solution that guarantees static-free weighing. Workplace Safety with Anti-static kits

Anti-static solutions from METTLER TOLEDO

An anti static wrist strap is worn by the user and in essence gives a way for a static discharge to leave you and safely discharge to the ground. The wrist strap is often a bright color, easily seen by others and a good visual reminder to the user. The wrist strap should be comfortable and fit snug to allow a proper connection.

How To Use An Anti Static Wrist Strap - Static Solutions

The static electricity that damages electronics is the same that makes clothes stick together. Here, we use generic fabric softener to make everything mildly conductive to the point where static charge differentials equalize and you do not get static discharge events (static shocks).

Creating Anti-Static Spray : 5 Steps - Instructables

Antistatic-ESD-Solutions distinguishes itself through the knowledge to control static electricity. Make use of our ESD-knowledge as overall ESD project designer & ESD project organizer. Read our Guidelines how to set up an ESD Protected Area... Stop facing problems with static electricity, stop suffering from electrostatic discharges,

AntiStatic ESD Solutions - ESD Audit - Static Electricity

Solution: Static String® ionization cord and ion360™ rods Static String® is placed across the unwinding roll and the ion360™ rods are placed under the sheets or bags as they deliver. The limited space after the cutter makes conventional static eliminators ineffective.

Stop Static.com™ - Eliminate static on your machines

Why we like Anti-Static Spray: Staticide - "static-proof" virtually every surface & object in your work environment. Staticide is a non-toxic, non-staining biodegradable formula. It is completely safe for people and provides a healthier area to work in.
