Chapter 11 Cell Communication Lecture Outline . Overview: The Cellular Internet. Cell-to-cell communication is absolutely essential for multicellular organisms. Cells must communicate to coordinate their activities. Communication between cells is also important for many unicellular organisms.

Chapter 11 - Cell Communication | CourseNotes

The special challenge in Chapter 11 is not that the material is so difficult, but that most of the material will be completely new to you. Cell communication is normally not covered in standard high school biology books, yet perhaps no other section of biology has grown as much as cell signaling has in the last ten years.
