out of construction contracts. The Arbitration Act 1996 was an attempt to set out our basic law of arbitration in a logical and easily read form, in the hope that by doing so this form of dispute resolution would be improved and promoted, both domestically and internationally. We also made a number of changes to the law as it previously stood.

Construction disputes often involve voluminous amounts of discovery, including documents in the hand of third parties. And if the case is subject to arbitration, it is likely that there will be a dispute about whether the arbitrator has the authority to compel production of third-party documents or witnesses for deposition.

Arbitration | Best Practices Construction Law

In one of the longest running and most technically complex cases to be referred to the International Chamber of Commerce (ICC), we obtained a major victory for our client, an Asian contractor, in a US\$1.4 billion Spanish-language arbitration relating to the construction of an oil refinery and pipelines in Latin America.

Construction | White & Case LLP

Construction contracts frequently include arbitration clauses. Arbitration has been viewed for years as a fast and inexpensive process. Contractors also like that arbitration is confidential, which means their names won't show up in public court records. But arbitration for construction contracts also has a downside.
