The AVR-1907 incorporates many key features so that it will become the core to a powerful home audio system. With the ease of connection and control features this receiver has to offer, it's easy for the installer or home owner to connect and setup this receiver for optimum performance. The high performance capability of this receiver is fine tuned with the auto calibration feature, as it can compensate for various room acoustics.

### Denon AVR-1907 A/V Receiver | Product overview | What Hi-Fi?

The Denon-AVR 1907 is a great receiver. This receiver does a great job with all of the sources it is connected to. It has a pretty wide range of functionality and requires a moderate level of knowledge of home theater connectivity / operation, but that aside it's great. I am one of those people who enjoys that type of thing.
