SOAP for Family Medicine: Amazon.es: Maldonado, Daniel C ...

The SOAP note is a method of documentation employed by healthcare providers to write out notes in a patient's chart, along with other common formats, such as the admission note. Documenting patient encounters in the medical record is an integral part of practice workflow starting with appointment scheduling, patient check-in and exam, documentation of notes, check-out, rescheduling, and medical billing. Additionally, it serves as a general cognitive framework for physicians to follow as they ass

When it comes to COVID-19, the disease caused by the new coronavirus, older people are especially vulnerable to severe illness. Research is showing that adults 60 and older, especially those with preexisting medical conditions, especially heart disease, lung disease, diabetes or cancer are more likely to have severe — even deadly — coronavirus infection than other age groups.
