The publication Life Safety Code, known as NFPA 101, is a consensus standard widely adopted in the United States. It is administered, trademarked, copyrighted, and published by the National Fire Protection Association and, like many NFPA documents, is systematically revised on a three-year cycle.. Despite its title, the standard is not a legal code, is not published as an instrument of law ...

Life Safety Code - Wikipedia

The 1967 SSA amendments contained the first reference to NFPA 101 and required compliance with the 1967 edition of the code beginning in 1970. Federal government funding and reimbursement programs were not only tied to the overall care of the patients and residents, a benchmark for fire and life safety performance was also set.
